## ACT Capital Advisors' Fast-Track Program

### What is the Fast-Track Program?

ACT Capital Advisors helps business owners sell their company for the best possible price and terms. In the M&A industry, the average time to sell a business is 12 months. ACT uses a proactive selling method that will bring in many qualified buyers who will bid on your business.

By creating urgency, ACT has achieved an average Fast-Track selling time of 6 months. Our experience has shown that certain businesses can sell much faster than the industry average. We launched the Fast-Track program to accelerate the deal timeline for qualified sellers.
